SUPPLY CHAIN FINANCE
What is Supply Chain Finance (SCF)?
SCF provides a working capital optimizing solution for corporate entities and their suppliers/distributors.
What are the Products of SCF?
There are two products; i) Reverse Factoring (Invoice Discounting) ii) Distributor/Dealer Financing.
Who is eligible for SCF?
Corporate entities having strong relationship with their value chain partners can avail SCF facility. Suppliers & Buyers who are key value chain partners and duly recommended by the Corporate entity, are benefitted under SCF.
What is the Pricing offered under SCF?
Pricing is low as compared to other working capital facilities, because of the relationship of value chain partners with the corporate entity.
What is the Maximum limit for SCF facilities?
SME Borrower can avail upto Rs. 100 million and Commercial/Corporate borrower can avail upto Rs.250 million facility under Anchor Program.
What is the Security against SCF facilities?
SCF facility is secured against softer collateral/terms, as compared to the collateral/terms for normal working capital facilities.
Is SCF facility also available in Islamic Banking?
Yes, SCF products are available both in conventional and Islamic modes of financing.
